

Pasco-Hernando Community College combines high-tech educational facilities and state-of-the-art programs with a focus on teaching and student success.

With four campuses located in convenient, intimate and natural settings, PHCC provides all the advantages of a private liberal arts education—personalized attention, highly credentialed faculty and small class sizes. Our Associate in Arts degree program gives students a solid foundation in the arts and sciences with guaranteed admission as a junior into the State University System or Florida College System. PHCC also provides training for more than 40 high-demand careers in business, computer engineering, health care, human services, law enforcement and technical fields. Our fully accredited Associate in Science degree and technical certificate programs are designed and taught by expert instructors using the latest equipment and technology.
